

X - INVITATIONS TO REVIEW FINAL DRAFT PLAN

The following section of the appendix includes the letters sent to the communities within Macomb County as well as the adjacent, outside communities and independent agencies, inviting them to review and comment on the final draft Plan. A list of the contacts to which the letters were sent is also included.

November 24, 2004

Dear «Prefix» «Last_Name»,

We would like to ask your assistance in reviewing the revised Macomb County Hazard Mitigation Plan. As a neighboring community or agency affiliated with Macomb County, your comments are important to us. The draft Plan is posted online, for your convenience, at www.macombcountymi.gov/oem. The site also provides an easy means via email to submit your comments and questions regarding the Plan. Your review and input are greatly appreciated.

Hazard mitigation planning is a multi-jurisdictional, multi-organizational issue and working together to identify critical concerns and solutions will yield benefits for everyone involved. A key characteristic of hazards is that they do not recognize or respect jurisdictions and their effects are often felt across multiple communities and counties. A successful mitigation project may involve efforts from numerous communities and/or counties. Close coordination between Macomb County, adjacent counties and communities, and local agencies will generate the most effective mitigation strategies.

While the Hazard Mitigation Plan identifies the hazards perceived as most detrimental to the County, the key purpose of the Plan is to *develop strategies to prevent or minimize the impacts of these hazards*. Mitigation projects to support these strategies may then be developed and funded using Federal grants that typically cover 75 percent of the costs.

The Disaster Mitigation Act of 2000 requires each community to have an approved and adopted Hazard Mitigation Plan to be eligible for Federal mitigation grants. Once the Plan is finalized, the Macomb County Office of Emergency Management will coordinate with each city council or governing body within Macomb County to have them formally approve and adopt the plan as their own.

Sincerely,

Peter Locke
Emergency Services Aide
